

## Introduction Company Profile

---

We would like to brief about our company & its activities. Our company was **established in 1999** with aim of providing quality raw material to construction industry. Our company later integrated with owning mines, crushers and fleet with sole aim of undertaking responsibility of servicing entire requirement of the project as per desired. Our group comprises of supply of **steel & building materials**. Annual turnover including steel & construction material business is **Approx. 980 Crore** considering pan India sales of all branches.

In steel we have tie-up with **JSW Steel Ltd. / JSPL & Electro steel** for sales of rebar on pan India basis for big projects. This arrangement provides flexible payment terms to clients with no added cost.

## Strengths Of SKGC

---

We would like to highlight some of our basic strength which makes us most preferred vendor for supply of aggregates and sand.

- We owned 5 hectares self mines in Kundevahal (Navi Mumbai) & 15 hectares mines in Kotputli/ Patan, Rajasthan & 11.26 hectares Charkhi dadri, Haryana, which is as of now the source of best available boulders.
- Installed capacity is 15000MT/day (million tonne per annum) which is highest commercial production on pan India basis.
- Material is crushed using latest machines, sieves and equipments which produces far superior material confirming to all aspects of IS specification.
- Integrated fleet of 52 Hywa trailers and attached fleet of more than 200 vehicles.
- Wide experience of single handedly supplying aggregates to mega projects like DIAL, MIAL, Hindon Airport & Mumbai Metro to name a few.
- One source means one quality and consistency which gives us better planning while designing concrete.
- We offer fix prices/ pre-bid tieups helping our clients to fix prices.
- Long term tieups are backed by PBG.
- Quarry/ crushers are already approved by principle clients like DMRC/PWD /NHAI/ AAI etc.
- We can supply material from Charkhi, Dadri sources Haryana.
- All above factors makes us most suitable and we wish to enter into long term contract for your entire requirements of all packages.

## **Introduction Company Profile**

---

Ours is first company in India which is installing latest machines of **L&T-Kemco Advanced Sand Plant-Model e7-60** for M sand production where we can get desired grading/ passing consistently throughout the production. This machine is **latest in the world** and first of its own kind in India.

We have enough expertise in this field and have vast experience of handling big projects single handedly.

We are looking forward to have exclusive tie-ups with you for your upcoming “Haier India North Industrial Park Project” Greater Noida & any query regarding the same is highly welcome.

Thanking you,

**For Shri Krishan Grit Co.**
